

Report - Participation in CEATEC 2013

The Osaka Business and Investment Centre (O-BIC) had put up a booth in “CEATEC JAPAN 2013’ which was held at Makuhari Messe from Oct 1st to 5th.

587 companies participated under the theme [Smart Innovation – Technical expertise for future living and society creation] in this exhibition which is a coming together of the best of Asia’s cutting edge IT and Electronics technology.

O-BIC made efforts to dig out some potential foreign investment candidates by explaining about Osaka’s investing environment and giving useful information on foreign investment to about 100 of the foreign companies that participated in this exhibition, and by asking them on their plans to invest in Japan/Osaka.
