# O-BIC Helps 18 New Foreign Companies Invest in Osaka in 2021

Numbers Slightly down Due to Covid-19, but Expectations Grow for Future Investment

May 27, 2022—Osaka, Japan—The Osaka Business and Investment Center (O-BIC) has announced that it facilitated 18 cases of investment in Osaka by foreign companies in FY2021. This is slightly down year-on-year and reflects the impact of Covid-19. Investment activity struggled as the movement of people from overseas was limited. Almost all investments were fostered and achieved by parties resident in Japan, including business partners and subcontractors. There were also some cases where investment has been postponed due to border controls, as illustrated by the drop in the number of inquiries: 115 in FY2021 down from 176 in FY2020.

By country/region, China (includes) had the highest number of investments, six, down from ten in FY2020. South Korea was second with four (four in FY2020), and Thailand was third with two (none in FY2020). There were investments by one company from each of Israel, Australia, Canada, Norway, the USA, as well as, for the first time in O-BIC's

history, Cambodia. This continues the trend of investment from a diverse range of countries and regions. Osaka will see many large-scale events in the next ten years, such as World Expo 2025 which is to be held in Osaka. O-BIC feels it important to leverage this chance to capture more investment from countries across the globe.

Since its inception in 2001, O-BIC has facilitated investment in Osaka by a total of 621 companies. The top investing countries were China (259 including Hong Kong), Korea (106), and the USA (49), the same top three as in FY2020.

In FY2021, O-BIC studied the 603 companies that invested in Osaka over the 20 years up to FY2020 by checking company registration information among other methods. This survey revealed that 324 companies continue to stay in Osaka, with 251 having withdrawn or moved address out of Osaka. Information could not be confirmed for the remaining 28 companies.

Steady Investment from China and South Korea; Investment-Support Organizations,

Wholesale and Retail Importers/Exporters Prominent

There were six investments from China and four from South Korea. These two countries occupied

more than half of the 18 total cases. Of the 10 entrants from China and South Korea, four handle

consumer goods such as artificial flowers, smartphone cases, and sneakers, and three are

electrical/electronic firms that deal in factory automation systems and renewable energy.

Prominent entrants included support bodies, such as an incubator to help South Korean

companies enter the Japan market and a company that will aid cross-investment between Japan

and Thailand. Beyond the Osaka World Expo in 2025, the cities of Osaka, Kyoto and Kobe were

designated as the Keihanshin Global Hub City, making Osaka more attractive for investment.

Despite the slight drop in investors, the seven wholesale/retail importers and exporters were

more than the six in FY2020 and about 40% of the total (18). This hints at strong demand for

both consumer and industrial goods amid highly-restricted cross-border traffic.

**Hopes for Relaxed Covid-19 Restrictions** 

The number of inquiries—115—was greatly down on FY2020 (176). There was only one

secondary investor already in Japan that transferred their Japan address to Osaka or expanded to

Osaka, down on FY2020 (5). In contrast, with border controls being revised in Japan and overseas,

foreign travel by cabinet ministers, and visits to Japan by foreign dignitaries, we saw face-to-

face diplomacy overcoming restrictions and the removal of domestic travel restrictions. With

these changes, we expect to see more investors and more inquiries.

#### About O-BIC

The Osaka Business and Investment Center (O-BIC) was established in 2001 by the Osaka Prefectural Government, the Osaka Municipal Government, and the Osaka Chamber of Commerce and Industry (OCCI) as a one-stop service center to aid foreign companies, diplomatic missions, and business associations to set up in Osaka (Secretariat: International Division, OCCI).

#### O-BIC's Activities in FY2021

- O-BIC allied with the Osaka International Business Promotion Center and the Osaka office of the Japan External Trade Organization (JETRO) to invite foreign investment in Osaka through public-private sector collaboration.
- O-BIC strove to improve Osaka's brand name and spread the
  word about the region's attractions, with a mind to the
  2025World Expo in Osaka, and made progress despite the
  ongoing impact of Covid-19 such as border restrictions by
  moving most activities online. Initiatives included a realtime online meet-and-greet with counterparts in Dubai,
  where Expo 2020 was being held.
- O-BIC fielded 115 inquiries from overseas companies and assisted those seeking to invest in Osaka through individual consultations and by providing information on how to set up a company.
- To help retain overseas companies already here, we provided information about grants and other support from the national and local governments. We also held the 25th meeting of the Osaka Business Networking Club with the cooperation of the Kansai National Strategic Zone Employment Consultation Center and others. The meeting showcased employment
